## THEME OF PERSONAL INCREASE

### “TO LET TO ACCOMPANY “ The relations and solidarity

**FIRST MOMENT:** the encounter between you and your group

#### **Read**

*“Today, young people are alone, they are worried for the relation. The young people today don't have parents, neither masters, they seem persons without memory, they are wasted hearts. It is the great generation of uncertainties, the confused ones, the lost ones in the affective and sexual mazes... without to speak of toxic goddesses, of baby gangs... ”*

*These ugly definitions of the youth, coined from so-called "experts", provoke to annoyance and trouble, but also restlessness.*

*Well, even if they makes you annoyed, I introduce them to you, because, perhaps they are a little bit true for your life . And if you have a little courage, they probably can give to you a beam of light in means to all this “powder”.*

*I invite to you to enter in yourself, in order to help to make one you chosen polishes and thought approximately your identity and your future.*

We are made therefore, we are weak, we have these defects. But, why don't we begin to stop itself on words rich of sense, as they can be the way, the pilgrimage, the friendship, the company? We leave from that text that, with extreme delicacy, says the truth on everyone of us.

Jesus does not trick to us.

He is the road, the truth and the life.

#### **Think over**

Your life is a fascinating way. We are in continuous movement, every day is a innovation, we discover always new things. However also we are exposed to the hard work to the uncertainty, makes fear us to think that the goal is still far too much.

But we are in travel, and this is important.

Attention, but, I am speaking about way, not of phrenetic race. Sometimes it's right to stop itself. To walk, pressed us to savour the Created one, puts to us in relationship with the Nature, does not make us to lose no detail.

In truth the way has sense only if we have a not too much far away objective, and if you have a company of friends which walk with you.

The problem is that today the objective does not appear more much luminosity. Indeed, some people deny that one goal can exist, that can exist one absolute

truth: the idea more or little general reaches to deny that the man of today, has the possibility to walk towards the truth.

### ***Think over with your group***

After a little pause, return together on the reading of the Gospel that has been commented. Try to establish a relation with the brother or sister that listens to you on the base of the Word of Gospel. It would be well that will be reading to high voice in your group.

Left to pass some minute because everyone can listen in its heart those words that Jesus has prepared for everyone. It brings up-to-date them to you according to the comment that has been made. Only then you can speak, saying what it has impressed to you and because. If you have some doubt, with humility you expose them to the group.

Sure with the help of the other members of the group, it will be clarified. After a first turn, try to concretely think next to an action to complete that it is an answer that Jesus asks to you with this gospel under the perspective of the solidarity, personally and like group.

Elect a secretary who can write the more important things emerged from your comparison with the Word of God.

### **SECOND MOMENT: the encounter between your group and that one of an other nation**

#### ***Share and learn***

You gather with your group and go to visit the group of an other nation. You share what you have lived in the prayer and tried to speak about Jesus, of what you are resolutions to understand of the Gospel. You conclude with a practical decision finalized to put in action the one which you have understood and lived. A "secretary" will reassume the conclusions of your encounter and will be happy!

### **THIRD MOMENT: the encounter between you and God**

#### ***Pray***
