### THE BET OF THE PRAYER AND THE VERBS OF LIFE

The " yours wanders " is the " God space "

**FIRST MOMENT: THE MEETING AMONG YOU AND YOUR GROUP**

*Read*

*When they be near to the village where were directed, he did as if has to go farther. But they insisted: « stay with us because it is growing dark and the day turns to the decline». He staggered in to remain with them. When he was to table with them, takes the bread, and he said the benediction, broke it and gave it to they. Then are opened they eye and recognized it. But he disappeared from their sight. And they said an other: « did not burn perhaps the heart in the breast while he conversed with us long the walk, when explained the writings?». (Lc 24 , 28-32)*

*Think over*

*Share*

After some pause, find again together to your group to think over on the passage of the Gospel that has been commented. Choose a person that rereads with a good intonation the Gospel in the group. Leave spend some minute in muffle because all is able return personally on that words that Jesus has prepared for each. Read that words with the comment that you has helped in the reflection.

Hour, with order, comment that has struck you of the Gospel and even say the because.

After a first turn, tried to ask you that does is for you the holy mass. How to prepare me to it, that are my difficulty... If it is really a profound meeting with Jesus or for me is something of different. Elect a secretary that is able sharpen the things the more important that spring from your comparison with the word of God.

**SECOND MOMENT: THE MEETING AMONG YOUR GROUP AND THAT OF AN OTHER NATION**

### ***Share and learns***

Find again with your group and you go to visit that of an other nation. Share what has lived in the prayer and with a lot of simplicity tried to speak of Jesus and of you same, for what are successful in understand from the Gospel. Take together a practical decision to continue "to dig" and to discover the presence of God. A "secretary" reassumes the conclusions of your meeting and be happy!
